“Thanks again for your help! I’ve taken clinics before but never felt I really got much out of them. I feel that **you have taught me a lot,** and I'm gaining more confidence in my swing. I'm looking forward to practicing now that I have a greater understanding of the mechanics”.

Pete P.

“I loved every session but particularly your segment on gaining distance. **I’m finally hitting the ball like I used to.** And I thought it was all age related! Thanks!”

Dayton M.

“All I can say is Thank you, Thank you, Thank you! My nemesis has always been the short game. I **used to waste a lot of strokes** not being able to get it close. **Not anymore!!**”

Martin D.
